Dear Sir or Madam,

My name is Isabel Elorrieta, Managing Director of the Foundation Ankaria. I have a Bsc (hons) in Art History and for the last ten years I have headed the International Fair of Contemporary Art Multiple, ESTAMPA. I strongly recommend Mr Antonio Cervera, who has been one of my closest and most active collaborators in the ESTAMPA Fair.

Antonio has worked under my direct supervision as Booths' Coordinator of Madrid City, as well as in planning and organizing of VIP programmes, art consultancy, PR, acquiring public and private sponsorship and in the management of different areas of the fair. In these tasks Antonio has consistently delivered outstanding results topped with the highest levels of professionalism, responsibility and ethicality.

Additionally, Mr. Antonio Cervera has also shown superb stakeholder management skills, a great gift for sales and in-depth expertise in the contemporary art market and private and public collectors.

Currently, Antonio is collaborator of "Grabado y Edicion", Print and Art Edition Magazine.

I remain at your disposal for any questions or additional information you may require.

Yours faithfully,

Isabel Elorrieta
Managing Director
